Dorako Linea DF H 1180 4.0 Double-Sided Wood Burning Fireplace

Experience Luxury Heating from Two Rooms

The **Dorako Linea DF H 1180 4.0** is a premium **double-sided wood burning fireplace** designed to create a striking architectural feature while heating two adjoining spaces. Its wide panoramic fire view, minimalist frameless design and advanced combustion technology combine exceptional performance with timeless European craftsmanship.

Ideal for modern homes, luxury living spaces and open-plan interiors, this fireplace delivers impressive heat output, clean combustion and outstanding energy efficiency. Whether installed between a lounge and dining room or separating indoor entertainment areas, the Linea DF H 1180 4.0 creates warmth, ambience and visual impact from both sides.

Manufactured in Europe using premium-grade steel and high-temperature ceramic liners, this fireplace is built for years of reliable performance.
