

SLAB GAS FIREPIT

The SAfire Slab Gas Firepit. Featuring a cast concrete housing available in two stunning colors, this unique firepit adds a touch of modern sophistication to your outdoor space. The manual control unit ensures safety with its built-in safety valve that automatically turns off the gas when the flames go out. Constructed with weather-resistant brushed stainless steel, the burner, burner chassis, and cover plate are designed for durability. With its slim and sleek design, the SAfire Slab Firepit complements any outdoor setting, making it the perfect choice for creating a cozy gathering space or adding a stylish focal point to your patio. Enjoy the warmth and ambiance of a beautiful outdoor fire with the bold and functional SAfire Slab Gas Firepit.

Dark Grey Terazzo

Black lava rock

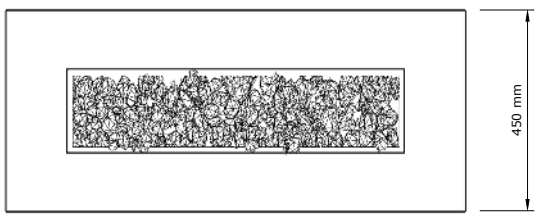

Light Grey Terazzo

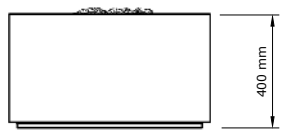

White Terazzo

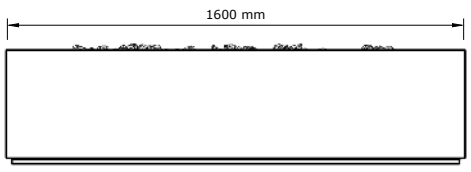

Installing electronic remote systems for the firepit without cover, especially in coastal areas, is not recommended. Please note that water and exposure to salty environments voids the 1-year warranty. While battery packs provide a convenient option, they require replacement every 3 to 6 months. Opting for a power outlet at the firepit location is preferable for long-term convenience and reliability.
